Prince de Bretagne presents the box of Roscoff AOP-onions

The stars of Medfel 2018: garlic, onions and shallots

The tenth edition of Medfel is just around the corner. From April 23 to 26, more than 300 exhibitors and more than 6,500 international buyers will get together in Perpignan. The stars of this edition are the garlic, onions and shallots. France is a major player in the production of these condiments in Europe: in recent years, production has increased up to 473 000 tons in 2016.

During this showcase for fruit and vegetable businesses, Prince de Bretagne will present its latest innovations, such as: the box of Roscoff AOP-onions, the 1kg plait of Allitou, and the net tube with three heads of pink garlic from Brittany. In addition, the cooperation invites you to discover its know-how, from the production to the marketing by the shippers of the brand.

Prince de Bretagne is the leading French operator in traditional shallots (conventional and organic), pink onions and garlic from Brittany, and a major player in the promotion of Roscoff AOP-onions. During the show, product manager Pierre Gélébart will be present at the stand, together with two shippers of the brand.

Apart from Prince de Bretagne, Medfel will welcome major players in the sector such as Top Alliance, Saveurs du Midi, Cooperative Origin Cévennes, Aux Southwest, and Les Jardins du Midi.
